3.) Please summarize why the case information from the Public Access to Court Electronic Records (PACER) service is needed and how it will be used. Also, please explain why an exemption from the courts identified is necessary. If you need more space, please provide in an attachment.

I am a J.D.-Ph.D. student and an academic researcher at Yale Law School and I study consumer bankruptcy. I am requesting a fee waiver for my project "Children in Bankruptcy," which analyzes how dependent care affects bankruptcy. In particular, I want to evaluate the adequacy of the current level of exemptions allowed for dependent care, and I anticipate that the results will benefit parents with small children facing financial distress. Specifically, I want to collect the answers to Schedule J Part 1 Question 2 ("Do you have dependents?") for a random sample of 1,000 cases per district court, 94,000 cases in total. An exemption from the courts is necessary to make the project affordable. For each case, I will need the Schedule J attached to the petitions. The data will be used to calculate summary statistics and run regressions, which will quantify the effect of dependent care on bankruptcy outcome. The data will be stored securely with IRB approval.

4.) In support of this application, I affirm the following:

a) An exemption from the Judicial Conference's EPA Fee is necessary in order to avoid unreasonable burdens and to promote public access to information.

b) That the exemption will be for a definitive period of time: between Feb. 20, 2021 and Feb. 19, 2022
