IV. The following is a general statement concerning pertinent mediation experience that I have:

I successfully mediated a complex dispute in an adversarial proceeding. The contention between the parties lasted about 10 years until the mediation took place. I was able to listen to their claims, understand their issues and guide them to a reasonable and practical resolution. Mediation concluded with a full resolution of each claim and controversy.

As a practitioner, I have successfully facilitated the negotiation of most of the litigious matters in which I have been involved. I take pride in my natural ability to approach a matter from a practical angle searching for a reasonable solution.

V. Mediation Training

On May 30 and 31, 2019, I participated in the Mediation Training sponsored by the Hudson Valley Bankruptcy Bar Association (HVBBA). The program lasted 16 hours.

VI. General Professional Experience:

I have been practicing Bankruptcy Law since 2016 when I joined de Moya and Associates, PC. I zealously represent distressed debtors looking for protection under Chapter 7 and 13 of the Bankruptcy Code. My ultimate goal is guiding my clients to obtain

financial freedom and achieve a new beginning after accumulating significant personal and/or business debt.

I successfully negotiated numerous loan modifications of residential mortgages in Rockland County New York, through the Loss Mitigation process in Bankruptcy Court, as well as in State Court. Our firm also handles defense in adversarial proceedings, fiercely protecting our client's rights.

In conjunction with Bankruptcy Law, I have expertise in contested Divorce proceedings, Family Court matters, and Immigration and Foreclosure defense. As a multifaceted attorney, I am confident in representing clients with multiple legal issues by analyzing all the aspects of the controversy, especially when different areas of law interact simultaneously.

I advocate for Mediation as an alternative dispute avenue for the settlement of legal dispute. I am a problem-solver, an analytical attorney looking to untangle discord. I have the ability to understand both sides in a controversy and the different perspectives of a problem. I welcome the opportunity to mediate any controversy.

I am completely fluent in English and Spanish.

VII. Pertinent Bankruptcy Training

I regularly attend bankruptcy seminars and conferences offered by the American Bankruptcy Institute, and the Hudson Valley Bankruptcy Bar Association (HVBBA). I have extensive continual education in Bankruptcy Litigation, Business Reorganization, and Consumer Bankruptcy.

VIII. General Pertinent Business or Legal Experience:

I earned an MBA in Puerto Rico, and my Husband is owner of a construction company in Rockland County, New York. I am familiar with the multiple challenges a business owner faces to fulfill financial responsibility, such as operations management, developing marketing campaigns, sustaining payroll, and building relationships with clients- especially in these times of uncertainty.
